# 5 THINGS I LOVE ABOUT BYU-I

## Pre-Arrival Mentoring Team

1.

I love the people here! With every student committing to a Christ centered community, BYU-I has become a special place among the saints

2.

I love how supportive BYU-I is to its students. I have never felt left in the dark being here. There are so many recourses and people willing to reach out and help!

3.

I love how easy it is to get books and textbooks here. Through the University's Student-Express, I've been able to receive the cheapest deals for my textbooks!

4.

I love all of the activities that are planned by the University. There is always an activity for the students to participate in

5.

I love the professors here at BYU-I. I've never had a bad experience with a professor here and am excited to meet more in the future!

# 5 THINGS THAT I WISH I KNEW ABOUT BYU-I

1.

I wish I knew how cold it can get! A heavy coat is a must have for the Fall semester and *especially* for the Winter semester

2.

I wish I knew about the I-Belong app. When I first enrolled, I skipped out on a lot of orientation, so I didn't know about how useful the app really is!

3.

I wish I knew about the campus wide FHE activities hosted every week! I just started going to them with my FHE group and they're amazing!

4.

I wish I knew about BYU-I's parking availability. The University has it's own parking policies, but each apartment complex has theirs too! Make sure to stay informed!

5.

I wish I knew how amazing the Library is! I took it for granted for a while until I actually took the time to look at it. Not only are there books at the library but also tutoring help and fun activities!
