

What I Love About BYU-I

The People

BYU-I is a community made up of some of the best people you will ever meet. Meeting new people can be terrifying, but at BYU-I there will always, always be someone who is down to have fun!

The Gospel

One aspect of learning at BYU-I that you can hardly find elsewhere is having gospel topics interspersed within lectures. You can be learning about action potentials in biology and it somehow ties to the gospel. Having the ever-constant influence of the spirit truly brings about a higher quality of education as our learning is led by God.

The Events

There are countless events put on by the campus, each one being such a great opportunity to both have a blast and meet new people!

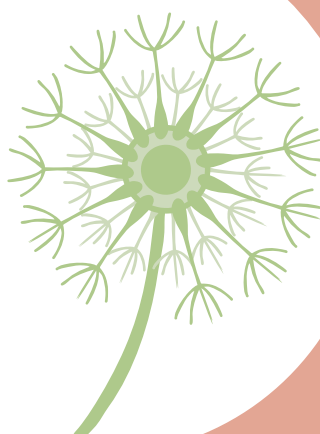

The Scenery

While Rexburg offers its own amazing qualities, the surrounding areas are exquisite, from the grand Tetons to a waterfall just half-an-hour away, the adventures are endless! It is worth any drive to take advantage of the beautiful scenery surrounding Rexburg!

The Temple

It is such an amazing privilege to have the Temple just a couple blocks away! The Spirit that is felt by even just see the temple is incredible!

What I Wish I Knew About BYU-I

Don't Procrastinate

With all the fun going on around campus, it is so easy to neglect homework and studying--but don't! The more work you complete on time, the more fun you will have!

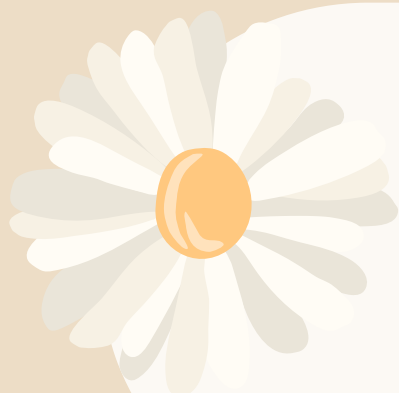

Use Tutoring

The campus offers free tutoring and it is truly a night and day difference when this resource is utilized. Even if you think you know a subject perfectly, go to tutoring, you will never regret it!

Campus Events

There are so many different campus events that each provide a great atmosphere to get to know people and have a great time for a cheap price! Even if you go for one hour, it is better to go for a little bit than to not go at all!

It's Freezing

Everyone says it, everyone means it. The cold is COLD! But that doesn't mean it's miserable. With just the right coat and the right activities, the winter here is a blast and totally bearable!

Electives

There are countless super fun electives available if you look for them, and they are all worth taking! From rock climbing to flower arranging, each elective is a great way to destress and have some fun throughout what could be a stressful day!
